Welcome to the Safeguarding Resource and Support Hub (RSH) animated video

The Safeguarding Resource and Support Hub or RSH.

We are a UK aid funded programme that supports organisations to improve their approaches to safeguarding against Sexual Exploitation, Abuse and Sexual Harassment (SEAH).

On the [**RSH online platform**](#) you'll find a library, an e-learning course, webinars, podcasts, a directory of safeguarding consultants and more. Our platform is available in English, Arabic, French and Swahili.

We support all organisations in the humanitarian and development sector, but we prioritise smaller, local organisations. Let's take a look at what the Hub has to offer!

Welcome to our library.

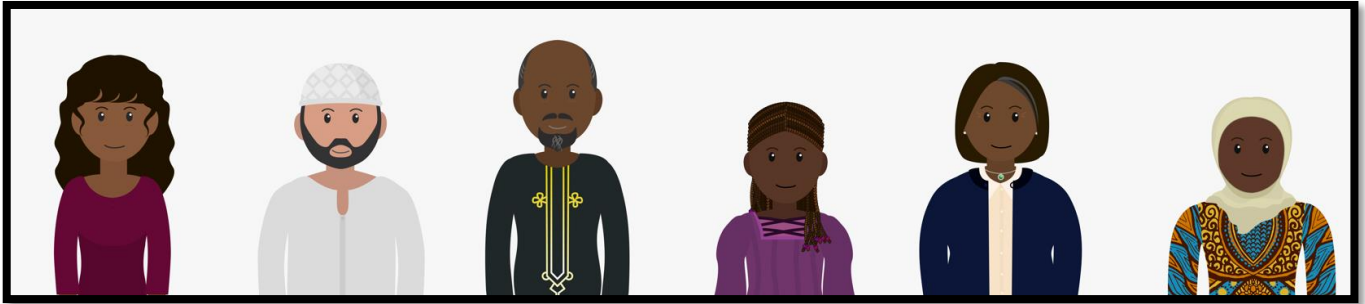

Here you can browse through [**hundreds of relevant resources**](#), including our own tip sheets, tools and guidance that are short, practical and easy to use. Search keywords or use our safeguarding journey to find what you need.

The [**Safeguarding Journey**](#) will guide you through four stages of safeguarding. At each stage, you can find selected information and resources that we have chosen to help you on every step of the way.

Safeguarding Matters is our free e-learning course.

It's designed for people who are new to safeguarding, or who want to refresh their skills. **Take the course online** or **offline** and earn a safeguarding certificate. The modules take around one hour each and are free, interactive and story-based.

If you need the support of a safeguarding consultant, you can **search our directory** by region, language and service, and find the perfect fit.

We also have National Hubs that work directly with local organisations in the country.

There are hubs in Nigeria, South Sudan, Ethiopia, Jordan, Syria, Yemen, Pakistan and Bangladesh.

Each Hub has its own online platform with context-specific resources in local languages. They also offer services like mentoring and advice.

To keep up to date with our work, sign up for our **newsletter**, and follow us on **Facebook**, **LinkedIn** and **Twitter**. Visit **safeguardingsupporthub.org**

Together, we can build a safer sector.
